TALKED ABOUT IN WESTERLY

List of Books for School Pupils' Reading—Decision for Plaintiff in Case of Bogle, Administratrix vs. Light and Power Visits Police Station.

Mrs. C. Herbert Palmer, teacher of English in the Elm Street school, has selected a list of books, three of which the pupils are required to read during the school year. There are thirty-one books in the list and the cooperative work of the Westerly Library and the schools make these books available. The books have been grouped in a special department by Miss Alice E. Kennedy in the juvenile section of the library for the convenience of the pupils. The list of required readings follows:

Captain's Courage, Kipling; The Cal of the Field, White Fang, London; Anne of Green Gables, Montgomery; Santa Claus Partner, Eugene; Oregon Trails, La Salle; The Discovery of the Great West, Parkman; The Tailsman, Scott; Rebecca of Sunnybrook Farm, Wiggin; Tom Brown's School Days, Thomas Hughes; Grandfather's Chair, Hawthorne; Captain January, Laura Richards; A New England Girlhood, Larson; Oliver's Problem, Wiggin; Kidnapped, Treasure Island, Stevenson; Robinson Crusoe, Defoe; Being a Boy, Warner; Autobiography of Benjamin Franklin, Hans Brinker, Dodge; Fisherman's Luck, Van Dyke; The Story of My Life, Helen Keller; Up From Slavery, Booker T. Washington; A Dog of Flanders, Ouida; A New England Boyhood, Hale; The Heart of a Boy, de Amiers; The Cricket on the Hearth, The Christmas Carol, Dickens; The Story of a Short Life, Ewing; The King of the Golden River, J. Ruskin; The Gold Bug, Edgar Allan Poe.

Judge Chester W. Burrows of the Rhode Island Superior court, rendered a decision for the plaintiff in the case of Lucy Thorp Bogle, the plaintiff in the case of Lucy Thorp Bogle, administratrix of the estate of James Bogle, against the Westerly Light and Power company. This was an action brought under the Workmen's compensation act and the amount claimed and awarded is \$1,500. The arguments in the case were made before Judge Burrows on the last day of the recent session of the court in Westerly, although the case was heard several months previously. Mr. Bogle had been long in the employ of the company and on July 14, 1914, while at work in the local power house he fell from a scaffold and received injuries to his head. After two weeks had passed he returned to his work in apparent good health. Some weeks later he was taken suddenly sick, went to the Rhode Island hospital and died there. It was claimed of cerebro spinal meningitis. Claim was made for benefits under the compensation law, but the defendant company, or rather the insuring company contended, that death was not due to the injury received at the local plant, but of some natural cause remote therefrom.

Judge Burrows finds that the accident on July 30, 1914, was the cause of Mr. Bogle's death and that the plaintiff is therefore entitled to compensation under the Workmen's compensation act. The amount of compensation was not in dispute.

Prospects favor the early operation of that part of the old Westerly Woolen company plant which is located on the Rhode Island side of the Pawcatuck river. The entire plant, located on both sides of the river, connected with a bridge, is the property of the Pequot Shirt company, but the buildings on the Connecticut side are adequate for the business and

WHAT CAUSES COLDS?

This question is asked every day. A cold is really a fever, not always caused by the weather but often due to disordered blood or lack of important food-elements. In changing seasons fat-foods are essential because they distribute heat by enriching the blood and so render the system better able to withstand the varying elements. This is the important reason why Scott's Emulsion should always be taken for colds, and it does more—builds strength to prevent sickness. Scott's Emulsion contains Nature's rare strength building fats, so skillfully blended that the blood profits from every drop. It is free from harmful drugs or alcohol. Sold at drug stores—always get the genuine.

Scott & Bowne, Bloomfield, N. J.

was held by order of the coroner until Friday, when he will be either released or held on a charge that will be preferred by the coroner.

Local Laconics.
Westerly teachers are attending the Teachers' Institute in Providence. The Westerly High school team and the team representing the Norwich Free Academy will play a game of football at Riverside park this (Friday) afternoon.

The contractors for the new Industrial Trust company building were in Westerly Thursday, arranging preliminaries for the commencement of the construction work.

Alfred Whitman Kenyon, 50, died Wednesday night at his home in Uxbridge. He was born in Richmond and represented that town in the state senate. He is survived by two sons and a daughter.

The quarterly report of the treasurer of the Seventh Day Baptist Woman's Executive board shows the receipt of \$40 from the Westerly Woman's Aid society towards the salary of Miss West, foreign missionary.

STONINGTON

Mr. and Mrs. J. Irving Maxson and Son Returning to Isle of Pines—Special Town Meeting This Evening.

Mr. and Mrs. J. Irving Maxson and Son, J. Irving Maxson, Jr., who have resided in the borough during the summer, left for New York Thursday evening and, after spending a few days in that city, will sail for the Isle of Pines where they will remain during the winter. The Maxsons formerly resided in Westerly and have large agricultural interests in the Isle of Pines. Mr. Maxson, Sr., is owner and master of the motor launch, "The Pines," which is used for the ferry between Stonington and Watch Hill during the summer. His son is acting as a building contractor in Westerly, and had a large lumber and wood mill plant in Pawcatuck.

Special Town Meeting.
The selection of the town of Stonington, in response to petitions of residents, will hold a special town meeting in the borough this (Friday) evening. The real call for the meeting was the State Senator, Benjamin H. Hewitt, who caused a petition to be circulated for signatures protesting against the proposed increase and charges of the ferry fare on the Groton and Stonington Street railway. Action will be taken upon this petition, and also on the petition of William S. Main and others for the construction of reinforced concrete road in Mystic, from the corner of Washington street and Broadway to the River bridge. Another proposition to be considered is the proposition to be considered on the approaches to the bridge over the railroad track at Lord's Point.

Stonington Pointers.
Active work is in progress in removing the big ledge opposite Leonard's Island to make way for additional tracks for the New York, New Haven and Hartford railroad. A short haul is being made of the rocks and earth removed and a substantial road is being built to the island with the material.
A new electric pole line is to be constructed by the Westerly Light and Power company which furnishes light, power and heat to Stonington. Gasoline thievery has become common in the borough.
There was a largely attended roll call in the "Pines" on Thursday evening. After the call refreshments were served.

PLAINFIELD

Harry Burke III—Excitement When Team Horses Start to Run—H. S. Athletic Association Meets.

Harry Burke is ill at his home on Pleasant street with pneumonia, and pleurisy.

Miss Mary Wakely of Central Village, Miss Mrs. J. M. J. Rochester, N. Y., were visitors here Thursday.

Driver Thrown From Wagon.
While loading a team of horses belonging to A. C. Tillman at the freight house Thursday afternoon, one bag fell to the ground, frightening the horses. The animals started to run and the driver, who was on the top of the load was thrown between horses but escaped being seriously injured. The horses started up Railroad avenue, tore down a large sign on the sidewalk in front of James Burley's shop and escaped hitting an automobile standing in front of the Mercier Pharmacy. In front of St. John's church H. Nigron was able to get on the back of the wagon and to stop the horses. The driver of the wagon injured his leg but not badly.

Forty Join Athletic Association.
The Athletic association of the Plainfield High school building for the purpose of discussing the question of entering the basketball league and to send representatives to the meeting in Putnam this (Friday) evening. About

WARNING NOT TO VIOLATE NATIONAL BANK ACT.

Sent to All National Banks by Comptroller Williams.

Washington, Oct. 28.—Comptroller of Currency Williams has sent to all national banks a circular letter calling attention to the oath which each director signs when he assumes office, and to the fact that the national bank act and pointing out particularly that part of the act which provides that a national bank may not be interested in its own "rate" as allowed by the laws of the state, territory or district where the bank is located and no more.

"This office," says the letter, "regrets to report that the sworn statement of condition of a great many national banks show that section 5197 United States revised statutes, against usury has been grossly violated by these banks."

"You are respectfully advised and admonished that this provision of the national bank act should be faithfully observed by all national banks, their officers and directors, in accordance with the solemn oaths taken by directors."

"You are requested to read this letter at the next meeting of your board of directors and to have it inscribed upon the minutes, and to send a copy of this letter to every member of your board who may not be present at such meeting with the request that he promptly acknowledge its receipt."

Within thirty days after your next board meeting and not later than December 30, 1915, you are requested to send to this office letters from all members of your board who may not have been present at the meeting at which this letter is read, acknowledging the receipt by each such absent director of a copy thereof, together with a certified extract from your minutes showing that this letter has been read to your board and giving the names of the directors present at the meeting at which it is read."

NEW HAVEN ROAD REELECTS ITS DIRECTORS

Resolution to Bring Requisition Suits Was Rejected.

New Haven, Conn., Oct. 28.—The board of fifteen directors of the New York, New Haven and Hartford Railroad company was formally declared elected today at the stockholders' meeting which had recessed over from last night because the tellers had not completed their count of the stock vote. Each director got practically 519,925 votes with none against. The acts of the directors were approved by a vote of 245,910 with 14,774 votes cast in approval with the exception of the paragraph in the annual statement which stated that the directors had deemed it unwise to

How to Look Less Than Your Age

There are three golden rules that every woman who would ward off signs of old age should know and follow.

1. Cultivate cheerfulness. Those who understand the physiological effect of worrying, know that giving the body a constant strain of worry should be taken more seriously than it usually is.

2. Whenever the complexion begins to look worn or withered, use ordinary make-up for a week or two. Apply nightly like cold cream, erasing all morning with warm water. This gradually restores the skin to its normal condition, revealing the fresher and younger skin underneath. An ounce of wax, obtainable at any drug store, is enough to rejuvenate any complexion.

3. When the tell-tale wrinkles appear, or cheek and chin muscles begin to sag, bathe the face once a day for a while in a solution of powdered sage, 1 oz. dissolved in ½ pint of witch hazel. This has a remarkable effect in "firming up" and smoothing out the skin.

ADDITIONAL TROOPS FOR MEXICAN BORDER.

Are Not to Permit Villa's Troops on American Soil.

Washington, Oct. 28.—Major General Funston reported to the war department today that with the arrival of Douglas, Ariz., tomorrow morning additional troops now en route he would be prepared to guard American territory against violation in the impending attack by Villa forces upon Agua Prieta, the Mexican town just across the border. Two batteries of field guns, two regiments of infantry and a troop of cavalry make up the reinforcements for the border patrol at Douglas.

General Funston has positive instructions not to permit the Villa soldiers to cross into American territory for the purpose of attempting a flank movement on the defenses of Agua Prieta. Artillery will be used if necessary to repel such a movement.

General Calles, commanding the Carranza garrison, has built a semi-circle of trenches about the town, fronting southward, preparing to make his fight with his back against the international border. Several thousand

SHARP BREAK IN THE COTTON MARKET

Selling Was General and More or Less Excited.

New York, Oct. 28.—There was a sharp break in the cotton market here today, with January contracts declining to 11.85, or more than \$1.50 a bale under the closing figures of last night and fully 6.75 a bale below the high record of the season.

Selling was general and more or less excited, owing to the unsettled political condition abroad, which seemed to indicate the nervousness of the trade over export prospects.

Children Cry FOR FLETCHER'S CASTORIA

MERCHANTS' WEEK IN NORWICH

Saturday, Oct. 23 to Saturday, Oct. 30

The F. A. Wells Co.

invites you to come in during this trade event and take advantage of the many inducements in way of special "Merchants' Week Prices."

Following is a List of Special Prices

MEN'S SUITS		Children's		UNDERWEAR	
\$10.00—Merchants' Week.	\$ 9.25	Knickerbocker Suits		50—Merchants' Week.	45
\$12.00—Merchants' Week.	\$10.75	Mostly with Two Pair Pants		55—Merchants' Week.	50
